Rules of the Game

You're on a game show, and you're given the choice of three doors: Behind one door is a car; behind the others, goats. You pick a door, say No. 1, and the host, who knows what's behind the doors, opens another door, say No. 3, which has a goat. He then says to you, "Do you want to pick door No. 2?" You have the option to switch or not. After your choice, your chosen door is opened and you would find out if you win or not.
